NSSE: National Survey of Student Engagement	
Engagement	
FSSE: Faculty Survey of Student	
Engagement	
<b>0</b> // (1 )	
Office of Institutional Research  Analysis of Surveys Administered Spring 2011	
October 26, 2011	
Assessment Committee asked	
For a review of NSSE and FSSE results for	
Academic year 2011	
2. For a summary of results that might be useful in	
considering two specific areas:	
Foresight 2020 Learner Outcomes	
3. That we begin a discussion of how, or if, NSSE	
and/or FSSE results could be used to address	
issues related to assessment of student	
learning.	
2	
First a brief review of NSSE & FSSE	

## **NSSE and FSSE: Commonalities**

- National surveys designed to measure "engagement" in the total collegiate experience for freshmen and senior students.
  - NSSE: Students are asked to respond to questions about their experiences at the university including academics, university services, and various out of classroom activities.
  - FSSE: Faculty teaching undergraduate courses are asked similar questions based on their experiences with students and their practices in a selected undergraduate course section.

Ask questions of faculty who taught at least one undergraduate course in the year  Four Purposes Perceptions of how often students engage in various activities Importance faculty place on various areas of learning Nature and frequency of faculty student interactions How faculty members organize their time both in the classroom and outside their classes  SSE Questions  SSE Questions  SSE Similar to NSSE with additional course	
Ask questions of faulty who taught at least one undergraduate course in the year  Four Purposes.  Perceptions of how often students engage in various activities.  Importance faculty place on various areas of learning.  Nature and frequency of faculty student interactions.  How faculty members organize their time both in the classroom and outside their classes.  SSE Questions  FSSE: Similar to NSSE with additional course related questions.  How important isnit that your undergraduates do various activities. I Not very to 4 Very important.  To what extent does your institution emphasize1 very little to 4 very much.  About what percent of students in your class do None with increments of 25%.  To what extent are your courses structured to learn in various areas: 1 Very little to 4 Very much.  WSU Experience with NSSE & FSSE.  Response Rate	
Ask questions of faculty who taught at least one undergraduate course in the year  Four Purposes  Perceptions of how often students engage in various activities  Importance laculty place on various areas of learning Nature and frequency of faculty student interactions How faculty members organize their time both in the dessroom and outside their classes  SSE Questions  FSSE: Similar to NSSE with additional course related questions How important is it that your undergraduates do various activities 1 Not very to 4 Very important To what eatent does your institution emphasize 1 very little to 4 very much About what percent of students in your dass do None with increments of 25% To what extent are your courses structured to learn in various areas: 1 Very little to 4 Very much  WSU Experience with NSSE & FSSE  Response Rate

## **Academic Challenge Items**

Perceptions of WSU Seniors, Urban school Seniors and WSU Faculty teaching upper level courses in 2010-11

## **Academic Challenge**

- Hours spent preparing for class
- Assigned textbooks, books, or book-length readings
- Writing papers: >20 pages, 5 to 19 pages and fewer than five
- Courses emphases on analysis, synthesis, making

Enriching Educational Experiences

<b>EEE: Summary</b>	of items
---------------------	----------

- Hours spent in co-curricular activities e.g. organizations, student gov.,faternities, sororities
- Practicum, internships, clinical, COOP, community service
- Specific course work i.e. foreign language, independent studies, capstone course, learning community
- Serious conversation with those with diSferent values, opinions, races/ethnicity
- Used electronic media
