

TestDirectly Result Retrieval Guide

• You will receive result notifications through email and/or text messages (if setup).

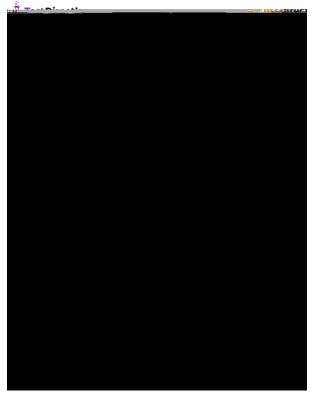

• Results are available within your portal account or through a one-time access code.

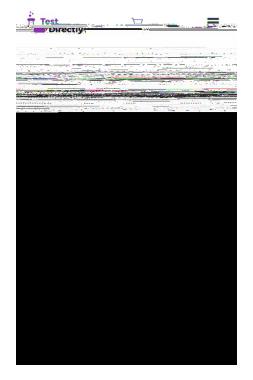

.

Access code: View your test results without creating/signing into your portal account.

1. Select access your report without registering

2. Enter the order ID, date of birth, and access key to open your report.

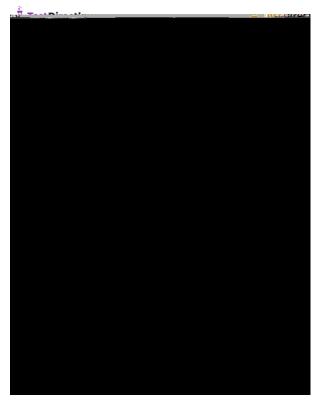

3. Select view report . A pop-up of your result will appear.
